Was briefed by [REDACTED] of the Operational Offices on his recent mission [REDACTED] of O/RR, representing the Intelligence Offices, has not as yet returned. [REDACTED] informed me that prior to the arrival of himself and [REDACTED] had dispatched a liaison officer to Washington. I was extremely surprised at this, since it had been done without advance notice to us. At the Deputies' meeting, I mentioned this to DCI and indicated that, had I been consulted in advance, I would have opposed such a move on the part [REDACTED] since we have already had too much trouble [REDACTED] I shall have to warn [REDACTED] to tread carefully on this matter.
